

# Fact Sheet

Information about VA Laughlin Rural Outreach Clinic  
VA Southern Nevada Healthcare System  
Media Contact: Richard Beam, Public Affairs Office, (562) 233-2122.

January  
2015

The mission of the Veterans Health Administration is to honor America's Veterans by providing exceptional health care that improves their health and well-being.

One of the primary purposes in opening the Laughlin Rural Outreach Clinic was for Veterans in our catchment area, receiving their primary care at VA Southern Nevada Healthcare System (VASNHS), to be able to receive primary care closer to their home. There has been interest from Veterans who receive care from Kingman and other non-VASNHS facilities to move their care to our Laughlin Rural Outreach Clinic. At this time, we are not accepting new Veterans into the Laughlin Rural Outreach Clinic.
